

REMARKS/ARGUMENTS

Favorable reconsideration of this application is respectfully requested.

Claims 1-10 are pending in this application. Claims 11 and 12 are canceled by the present Amendment without prejudice. Claims 11 and 12 were rejected under 35 U.S.C. § 103(a) as unpatentable over U.S. patent 6,580,537 to Chang et al. (herein "Chang").

Claims 1-10 are allowed.

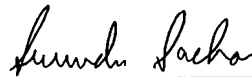

Initially, applicants gratefully acknowledge the indication of the allowance of Claims 1-10.

The present response is submitted to place the present application in condition for allowance on the basis of the indicated allowable subject matter. That is, by the present response Claims 11 and 12 are canceled without prejudice so that only allowed Claims 1-10 are pending in this application.

As no other issues are pending in this application, it is respectfully submitted that the present application is now in condition for allowance, and it is hereby respectfully requested that this case be passed to issue.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,  
MAIER & NEUSTADT, P.C.
